

Project

Update

CSO SEPARATION AREA 12.1

May 2006

The contractor, Counts and Dobyns, Inc., is continuing construction in your neighborhood. The following work activities will be taking place this month.

- **NOTICE - Thomas Road will continue to be closed to thru traffic from Perrymont Avenue to McCausland Street for replacement of underground utilities. Local traffic only will be allowed access on Thomas Road and to reach Brandon Rd., Stratford Rd. Shirley Rd. and Kenbridge Rd.**
- Completion of water line at the intersection of Kenbridge Road and Shirley Road.
- Continue construction in the 600 to 700 block of Thomas Road for the replacement of Storm, Sanitary and Water utilities.
- The contractor will begin installation of an 8" sewer main on Shirley Rd. from Brandon Rd. to the Shirley Rd. cul-de-sac.
- Continue replacement of off road sanitary line in the 1200 block of Shirley Road.
- Begin replacement of concrete sidewalks, curbs and driveways removed during construction of underground utilities.
- Subsurface bedrock has been encountered during trench excavation; rock will be broken into a manageable size by using a hydraulic rock-breaking machine called a Hoeram. As the Hoeram is breaking rock, it will cause a banging noise and some vibrations.

The contractor has this two-year project scheduled into 4 Work Zones. The Work Zones are tentatively scheduled as follows:

1.	Lower Westchester Dr. & Off Road next to Blackwater Creek & College Lake.	Sept. 2005 – July 2006
2.	Stratford Road, Kenbridge Road and Lower Shirley Road.	Sept. 2005 – Aug. 2006
3.	Brandon Road, Shirley Road and Thomas Road.	Jan. 2006 – Sept. 2006
4.	Perrymont Avenue, White Street and Biltmore.	Sept. 2006 – Mar. 2007

We thank you for your patience and cooperation with parking during this construction. We urge residents to be cautious and keep children away from construction equipment and materials. Should you have any questions, please call any of the telephone numbers listed below.

Property owners in this area are encouraged to participate in the City Rainleader Disconnect Program. Call the CSO information line @ 847-7246.
